

## **ENGAGE FRANCE – HOSPITALITY – TRANSFORMATION WORKS NETWORK**

For over 50 years, the Château in St. Albain, France has hosted people, events. But most importantly, it has hosted conversations. During these dialogues, believers seek ways to plant seeds of the gospel in the hard soil of post-Christian France.

Located in a quaint French town, this 14th-century castle serves as a bridge into the community. The Château not only provides a location for Christian organizations to host their events, but it also organizes its own, ranging from community outreach to biblical training weekends, soccer programs, and family retreats.
