Outfit Training School for African Church Planters

Gifts to EncompassWorldPartners.org/ESEM-Building will enable us to furnish the newly completed Training and Logistics Center in N'Djamena, Chad. This new two-story dorm and educational building houses the Schools of Evangelism and Missiology, and facilitates sessions for key African leaders in training them to sharpen their skills in evangelism and church planting. The building is complete; now we need to furnish it!

Outfit Center for Creative Outreach Among Muslims

Nestled in a neighborhood in one of the largest cities in northern Africa, a Community Center serves as a bridge for Christians seeking to build relationships with local Muslims through language and computer courses. While the African staff and volunteers are committed to providing services that improve the overall physical well-being of the area, they are even more committed to spiritual formation. Generous donors have enabled us to complete the facility, you can help us furnish it through your generous gifts to EncompassWorldPartners.org/Outfitting-NDjamena.

“Immerse Bible” Creative Evangelism Tool – Dublin

The Immerse Bible is a six-volume creative evangelism tool that invites readers to get lost in the stories, poetry, and letters that make up the grand narrative of Scripture... without the footnotes, cross-references, and numbering. Help create an Immerse Bible “lending library” by giving to EncompassWorldPartners.org/Bible-Dublin.

Raising Resilient Third Culture Kids – Global

When children leave their home culture to live in another, they often feel like they're part of an unspecified “third culture.” This is especially hard in the formative years. Thankfully, resources exist to help parents of Third Culture Kids (TCKs). You can help TCKs thrive by contributing to EncompassWorldPartners.org/Resilient-TCK.

Tablets for MKs (Missionary Kids) – Cameroon

MKs in Cameroon don't have a way to regularly access technology. This project will, among other things, provide tablets that give students with dyslexia access to a special font while the rest of class reads in a typical font. This will help better prepare them for eventual return to their passport countries. You can contribute at EncompassWorldPartners.org/Tablets-MKs.

French Language Evangelism Tool – Africa

English evangelistic tools don't always translate well to other cultures. “La Réconciliation,” an evangelistic workbook designed for honor/shame and fear/power cultures, presents 17 key Bible stories in a way anyone can understand. Your generous gift to EncompassWorldPartners.org/La-Reconciliation will allow us to produce more copies for use in Africa and, hopefully, to also produce an audio version to reach even further.
